

TO WHOM IT MAY CONCERN

Sassuolo, 08/07/2019

ZANASI is a member of EuPIA (European Printing Ink Association) and autonomously manufactures the inks that are provided with the printing systems of its own brand.

It declares that all ZANASI brand consumables are manufactured in accordance with the following regulations and industry guidelines:

EuPIA Exclusion Policy:

it **excludes** the intentional use of all substances classified as Carcinogenic, Mutagenic, Toxic for Reproduction, Toxic and Very toxic.

RoHS 2 Directive 2011/65/UE:

it **excludes** the intentional use of Heavy Metals such as: Antimony, Arsenic, Cadmium, Chromium (VI), Lead, Mercury, Selenium.

Moreover, the ZANASI brand inks and consumables **DO NOT** contain:

- Methanol.
- Mineral oil.
- Benzene and its derivatives.
- Plasticisers containing Phthalates.
- Bisphenol A.
- Formaldehyde.
